

How to Install JetBrains Toolbox App

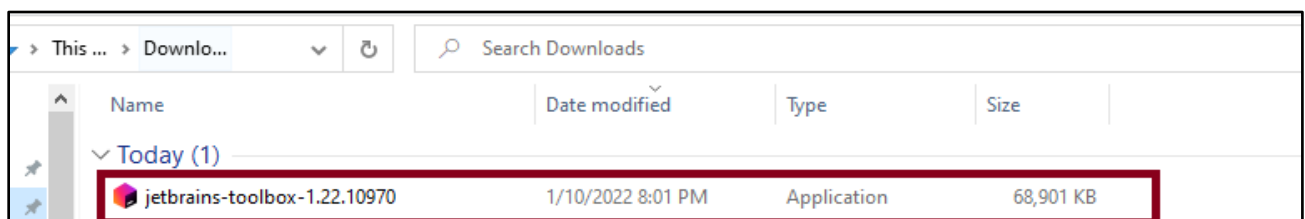

1. Go to <https://www.jetbrains.com/toolbox-app/>.
2. Click the **arrow** and select from drop-down menu the correct **file extension** for your OS.
(Ex. .exe for Windows)
3. Click **Download**.

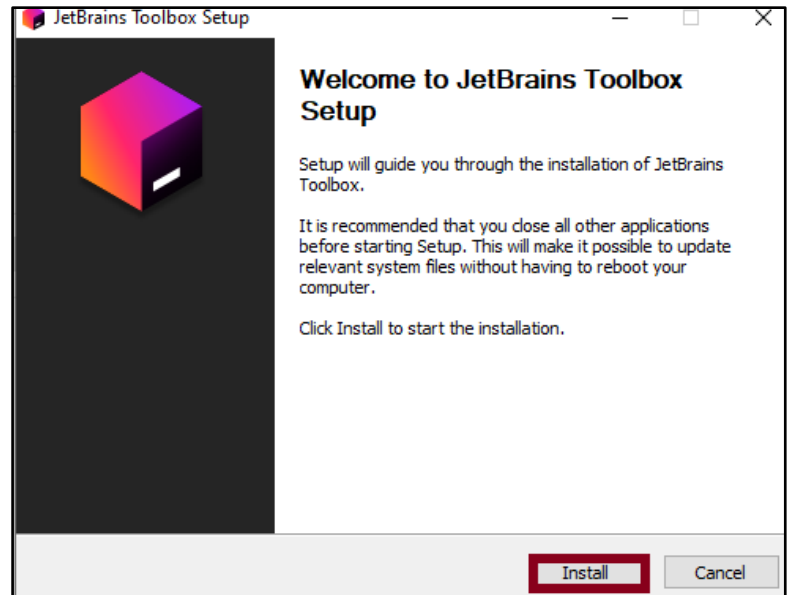

4. In the Opening jetbrains-toolbox-x.xx.xxxxx.exe pop-up, click **Save File**.

5. Navigate to File Explorer>Downloads folder, double-click on the jetbrains-toolbox-x.xx.xxxxx file.

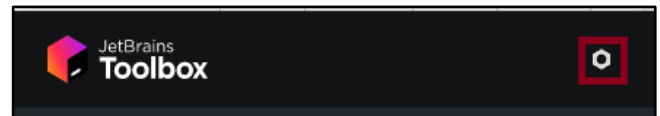

6. In the JetBrains Toolbox Setup, click **Install**.

Create a JetBrains Account

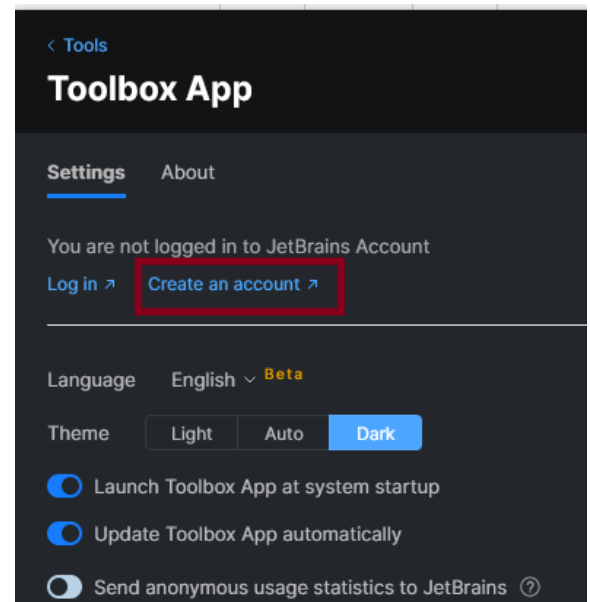

Once JetBrains Toolbox is installed, you will need to create a JetBrains account through toolbox to fully utilize all JetBrains the IDEs. If you already have a JetBrains account you must sign in through toolbox and proceed to step 4.

1. To create an account via the Toolbox, click the **gear icon** in the top right-hand corner.

2. In the Settings tab, you will select **Create an Account**. You will be redirected to JetBrains website to create an account.
3. Complete the fields to create an account.

IMPORTANT NOTE! You will need to use your school email for the email address to petition for the free education pack.

4. To petition for the education pack go to <https://www.jetbrains.com/shop/eform/students>.
5. In the University email address tab, complete the form to get your education license.

Note: You may be prompted to enter your credentials in again when opening your IDE for the first time.
